TECHNOLOGY CENTER 2800

Dear Sir:

In response to the Office Action dated October 23, 2002, the time for response to which is extended three months by the accompanying petition to April 23, 2003, please amend the above-referenced application as follows:

IN THE CLAIMS:

Please replace the text of claims 1 and 15 with the following text:

T-DT

- 01
1. (Thrice Amended) A display apparatus having a plurality of pixels, comprising on a substrate:
a plurality of pixel electrodes corresponding to respective pixels among the plurality of pixels;
a plurality of driving thin film transistors, each located outside of said plurality of pixel electrodes and comprising a plurality of conductive layers, for controlling supplying of signal voltage to the plurality of pixel electrodes;
